

1965 PAINT

The American Motors Paint Code Number is stamped on the body number plate.

A paint number having the suffix "A" indicates the car is painted in Acrylic Enamel.

Air Dry Repair Enamel, Acrylic Lacquer and Regular Lacquer are available from two sources of supply: Ditzler Color Division of Pittsburgh Plate Glass Co. and Automotive Finishes Division of E.I. DuPont DeNemours and Co. Each of these companies have their own distributors and dealers in principle cities.

When ordering paint from local DuPont and Ditzler Paint Dealers, furnish them with their paint number and color name. Also please specify enamel, lacquer or acrylic.
